Computer Science undergraduate with strong skills in Java, Python, Data Structures & Algorithms, and Full-Stack Web Development. Experienced in building responsive web applications using HTML, CSS, JavaScript, and Django through academic and internship projects. Passionate about developing scalable software solutions and continuously enhancing technical expertise

Education

Bachelor of Technology (Computer Science & Engineering)

Siksha 'O' Anusandhan University
CGPA: 9.04

09/2024 – Present
Bhubaneswar, Odisha

Professional Experience

Web Development Intern

SkillCraft Technology

06/2026 – 07/2026

Remote

- Developed responsive web applications using HTML, CSS and JavaScript.
- Designed interactive user interfaces following modern UI/UX principles.
- Built multiple portfolio-ready projects and maintained them using Git and GitHub.
- Improved frontend development skills through practical project implementation.

Projects

Portfolio Website

- Designed and developed a responsive personal portfolio showcasing projects and technical skills.
- Implemented smooth scrolling, responsive navigation, and interactive UI components
- Optimized performance across desktop and mobile devices.

Tech: HTML, CSS, JavaScript, Git

Tic Tac Toe Game

- Built a two-player and AI-enabled Tic Tac Toe game.
- Implemented score tracking and automatic game reset.
- Created responsive UI with modern design.

Tech: HTML, CSS, JavaScript, Git

To-Do Web Application

- Developed a task management application with CRUD operations.
- Implemented browser Local Storage to persist tasks across sessions.
- Designed responsive and clean user interface.

Tech: HTML, CSS, JavaScript, Git

Stopwatch Web Application

- Created stopwatch with start, pause, reset and lap functionality.
- Implemented accurate timing logic.
- Responsive interface with intuitive controls.

Tech: HTML, CSS, JavaScript, Git

Blog Application

- Developed a blog platform using Django.
- Implemented authentication, CRUD functionality and database integration.
- Designed reusable Django templates following Django MVC architecture.

Tech: Django, Python, SQLite, Git

Skills

Languages: Java • Python • JavaScript • HTML5 • CSS3

Frameworks: Django

Database: SQLite • MySQL

Tools: Git • GitHub • VS Code

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming (OOP), Responsive Web Design, REST APIs, Problem Solving

Certificates

- Web Development Internship – SkillCraft Technology (2026)
- Letter of Recommendation (LOR) — SkillCraft Technology (2026)
- IBM SkillBuild Certification — IBM SkillBuild
- Code in Place (Python) — Stanford University
